

Next EUFCN General Assembly in Brussels

In November 2009, our next General Assembly will hopefully be held in Brussels. The election of the board, the attendance at film festivals in Berlin, Cannes, Rome, a new strategy for marketing and the solution of our office management will be the themes.

We will try to arrange a meeting with just recently elected EU parliamentarians to start our lobbying activities in Brussels.

YSTAD Mixed Reality Scandinavia 10. - 11. September 2009

The conference about film and tourism invites you to Mixed Reality Scandinavia - From Locations to Destinations www.mixedreality.info. We highly recommend this event.

Mixed Reality is organized by Region Skåne, Ystads kommun and Oresund Film Commission. EUFCN members get a 50% discount on the conference rate.

Offer from ALGARVE Film Commission

Jacques Mer identified an EU program which could support expenses to market an association like the EUFCN at the Cannes Film Festival. Hereby he will try to get financial support for the "eyecatcher" Caravelle which we could use in Cannes 2010 instead of a booth. We keep our fingers crossed for it.

BARCELONA Cineposium 2010

Due to political and economical reasons, the Barcelona-Catalunya Film Commission unfortunately cannot be considered a candidate to host the 2010 AFCI Cineposium. All members are welcome to apply with their cities or regions for the next European Cineposium which will be organized in collaboration with the AFCI.

ROME Film Festival 15. - 23. Oct. 2009

Arie Bohrer met the representative of the Rome Film Festival during the Italian Film Commissions' Day in Rome. As a result of this meeting, the EUFCN was offered a free booth at the co-production market. The festival organisation will support the EUFCN with special rates for accommodation etc.

SILE Locations Expo 2009 5. - 08. Nov. 09

A free booth for the EUFCN was negotiated with Piluca Querol and was now confirmed by General Director Eduardo Corcuera.

SILE offers accommodation for two representatives of the EUFCN for 5 nights. They will promote and market the association to visitors (producers, directors, production managers and location scouts). Who wants to be the representative? Any volunteers to go to Sevilla and promote our association? Furthermore we encourage all EUFCN members to participate with their own booth at SILE.

www.silesevilla.com

www.cineuropa.org

We recommend the site as a very useful webpage for information on European cinema and industry.

News for the EUFCN webpage

Ludmila Claussova/Czech Film Commission is administrating our website and asking you to send your information and news you want to have published. ludmila@filmcommission.cz
